

Title IX Training, On Your Schedule

Individual Certificates and Specialization Certifications From Tulane Law School

Tulane University Law School offers [100 percent online certificate courses and specialization certification programs in Title IX law](#) to provide a strong legal background in the intricacies of this landmark regulation. This gold-standard Title IX training program has been designed through a collaboration between well-known education law experts and Tulane University Law School and is intended to professionalize the work of administrators, coordinators and other individuals with similar responsibilities.

Choose from 10 individual certificate courses to go in-depth on issues pertaining to Title IX administration and adjudication, implications for athletics departments, Title IX in a K-12 setting, and more. And if you want to add a valuable credential to your resume demonstrating your mastery of the Title IX knowledge necessary to execute key professional functions, you can combine certificate courses to earn one of five specialization certifications.

Program Benefits

- **Self-paced:** Fit your coursework alongside your existing demands and schedule
- **Access to national education law scholars:** Thoughtfully discuss the legal issues surrounding Title IX with helpful frameworks provided by real experts
- **Current best practices:** Learn to conduct thorough and equitable civil rights investigations and internal adjudications
- **Work with Title IX athletics experts:** Discuss the unique institutional obligations with respect to athletics and Title IX and build a framework for ensuring institutional compliance
- **Live access to instructors and peers:** Build a national network of peers and legal experts through real-time class sessions
- **Access to webinars and Title IX-related job postings:** Use our online resources to propel your career advancement

Program Structure

- Bachelor's degree required to enroll, confirmed with submission of official transcript
- Courses include both asynchronous and synchronous components
 - **Asynchronous components:** Readings, pre-recorded lectures, discussion threads, multiple choice quizzes, etc. You may complete these sections at your convenience
 - **Synchronous components:** Live classes and discussions which enable you to engage with faculty and other students in real time and build lasting professional relationships. Each course consists of two live classes per session; these are also recorded, allowing you to revisit the session at a later date
- No degree credit awarded
- **Length:** Each course runs for six weeks with a two-week break between new course starts
- **Commitment:** 5 hours of student work/contact per week (30 hours total per certificate course)
